*About the Northwood Foundation*

*The Northwood Foundation raises the funds needed to support the development of quality programs and services that add to the quality of life for residents and clients in the community. The Foundation provides funding over and above what is funded in the annual operating budget for new equipment, special projects and initiatives, staff education and research. As demand for more services and programs increase and new needs are identified, the Foundation continues to play an important role in the development of Northwood.*
